Please see the (6) Payment Schedule for further information.

All fundraising activities approved by Novita must comply with all relevant Australian Federal and State Laws. Whilst we would like to be able to approve all applications, there may be some activities which do not adhere to our charter and would therefore not be accepted. These include but may not be limited to any fundraising activities:

It will be the boat crew's responsibility to provide receipts to donors (Novita will provide receipt books for donations). Acknowledgement of the total funds raised will be provided to each boat crew captain at the completion of the trip. For further information please contact Novita, or discuss with your tax accountant the difference between these three designations.

9. Deductibility

Novita holds Deductible Gift Recipient (DGR) status with the Australian Taxation Office (ATO). This provides crews raising funds on behalf of Novita with the opportunity to issue tax deductible receipts to donors. Some activities, such as raffles and auctions, do not qualify for a tax deductible receipt, and should be transacted in accordance with usual taxation rules. It is the boat crew captain's responsibility to transact activities appropriately. Novita, its sponsors and other crews and volunteers are not responsible or liable for activities held by boat crews for the purpose of fundraising for the 2019 Mighty River Run. Further details about fundraising are available within the Fundraising Pack which you will receive upon Registration.

Novita is not responsible for securing licences for fishing or game hunting during the 2019 Mighty River Run. Additionally Novita cannot hold any stocks of captured fish, crustaceans or game on behalf of participating crews.

12. Merchandise

Included in your Team Registration Fee is a 2019 Mighty River Run polo shirt for each crew member. This year's shirts will again be individualised with your crew name and preferred individual name on each shirt.

13. Rules and Regulations

At all times crews must abide by the appropriate Council, State and National by-laws and legislation. Crews must observe all instructions provided by event officials. Novita is the event manager of the 2019 Mighty River Run. At times Novita may be required to pass control of the event to other bodies; these might include Police, Emergency Services agencies, Department of Planning, Transport and Infrastructure or other bodies. Crews will be advised of specific rules and conditions at an 'event briefing night' that will be held not later than two weeks prior to the event. Fire arms, including sling shots, bows, cross-bows and other hunting apparatus are not permitted on the 2019 Mighty River Run. Fishing apparatus are allowed, but it will be the captain's responsibility to ensure these meet each State's rules and regulations.

14. Indemnity

Each entrant taking part in the 2019 Mighty River Run accepts by way of Registering to the 2019 Mighty River Run, to indemnify Novita, sponsors, officials and volunteers against penalty or liability that may be incurred as a consequence or action of the entrant.

15. Third Party Indemnity

Should any entrant taking part in the 2019 Mighty River Run wish to take part in additional activities facilitated by a third party, a separate Indemnity agreement will need to be signed which will release Novita, sponsors, officials and volunteers against penalty or liability that may be incurred as a consequence or action of the entrant.

16. Emergencies

The captains of each boat, as nominated at time of Registration, will be responsible for all decisions made in respect to their boat and crew, and will be required to manage any emergency on their boat. Captains will pass responsibility of their boat and crew to Novita's event staff or other authority when requested to do so. At other 'official' event activities, including but not limited to onshore activities, meals and entertainment times, crews will be required to follow the direction of Novita event staff, unless they are directed by venue staff, fire, police or other acknowledged emergency officials.

17. Media

We strongly support awareness created by your activities relating to the 2019 Mighty River Run. However, we do ask that for all media enquiries, you liaise with Novita, or ask the media to correspond first through Novita. We will include your crew in any opportunity, where possible.

This is also extended to any media taken for the purposes of print, TV or radio promotion of the event. If you do not wish your image or comments to be used, please advise Novita prior to the trip.

18. Medical Form

Each crew member must complete online medical details as part of the Registration process. Information received by Novita will be kept in a secure place, and will only be provided to relevant bodies in cases of emergency.

19. Cancellation of event

Should the 2019 Mighty River Run event be cancelled by Novita, 100% of the registration fee will be reimbursed to the participant. However, the fundraising component will be retained by Novita and will continue to be used for the stated purposes.

20. Additional Information

Fuel

At each overnight stop crews will have an opportunity to pre-order fuel for the following day. Fuel ordered can be collected by a designated crew member either that night or the following morning prior to the Captain's Briefing. The Novita event crew will advise when and where collection will occur.

Fuel containers must be emptied prior to departure on that day's travel and returned to the fuel collection site. Fuel can be ordered in 20 litre increments. This will be charged at \$2.00 per litre and is payable at the conclusion of the event.

Jerry cans provided to Novita will be used by the organisation randomly. This means that you are unlikely to receive fuel in the containers provided. Please mark your jerry cans clearly so at the end of the event you can collect your own can to take home with you.

Ice

Novita will purchase ice on your behalf at each stop. Ice must be ordered at the registration desk upon arrival at your afternoon stop (which will be your overnight location for that day).

Ice will be purchased and made available with fuel collection each morning. Ice will be billed to your crew at \$5 per bag, payable at the conclusion of the event.

Alcohol

Under South Australian Law (Harbors and Navigation Act 1993), there are penalties when drugs or a blood alcohol limit of 0.05 or over are detected in the operator of a motorboat or essential members of the crew. The penalties can include large fines and/or imprisonment. The court may impose an additional penalty and suspend or cancel a certificate of competency, including a boat operator's licence. Penalties can also apply for refusal to submit to a drug screening test or blood test.

Novita relies on the good will of the communities we visit to support this event and our ongoing work for clients. Please respect communities we visit by enjoying alcohol responsibly over the course of the event. Inappropriate or disrespectful behaviour may result in disqualification of the individual from the event.

Alcohol will be available to purchase at dinner venues and at several of these there is no BYO. The event will not transport any alcohol along the route on your behalf.

Other items

There might be times when your crew requires 'other items'. In these cases you should first advise the registration desk upon your arrival at your afternoon stop (which will be your overnight location for that day).

Vehicles

No vehicles will be moved by volunteers along the route. Once you have arrived in Waikerie, cars and trailers will remain there until return on Friday. If you want someone to drive and move your car along the route, you will need to register them as a crew member and pay the registration fee.

Activities

A fun range of activities is planned to keep you entertained both on and off the water. This is included within your registration fee. As the event draws closer we will share with you if you need to consider any special extras such as dress ups.

Event fines

Throughout the duration of the Mighty River Run small fines may be imposed on participants. These fines are charged 'in the spirit' of the event.

What you should know

- The discharging of various water-based apparatus is neither encouraged nor discouraged. Not acceptable however is the use of flour, detergent or any other item that might damage a boat or cause harm to the waterway. Please be aware of all regulations related to the carrying or use of all items - you are responsible for the use of such items
- Personal equipment. We suggest that you pack light. Official functions only require you to wear 'casual attire'. If this changes you will be advised at the briefing prior to the event
- Crews are responsible for their own sunscreen, bug repellent, etc.
- You are responsible for your own medications. Please ensure this information has been included on your registration forms
- A Novita staff member will take any person that is feeling unwell or presents with any obvious injury to the nearest hospital - no exceptions. A Risk Management Plan has been developed and medical incidences will be dealt with in accordance with the risk management plan.
